Type : Assessment by Institute

Overall Rating

Excellent

Very Good

Good

Artificial Intelligence

- You are a bright, able and an adept engineer.
- Focus on your goal. Don't look in any direction but ahead.

Cloud Computing

- You are a very adaptive and talented engineer.
- You can be a highly proficient and a worthy engineer.

Computer Networks

- You can be an exceptional and a great engineer.
- Your sound, knowledgeable skills and out-of-box thinking can be precious for your circle.

Computer Organization And Architecture

- Combined with your dedication and outstanding technical insight give you the availability to deliver
- You are an outstanding engineer with rich innovations

Data Analytics

- You can get into the details with any architect or engineer.
- Your technical and leadership skills are matchable with excellent people

Discrete Mathematics

- You can be an exceptional and a great engineer.
- Combined with your dedication and outstanding technical insight give you the availability to deliver

Maths

- Losers quit when they're tired. Winners quit when they've won.
- Even the greatest were beginners. Don't be afraid to take that first step.

Natural Language Processing

- You are an outstanding engineer with rich innovations
- Technically savvy and explain technical terms until the practitioner understands it well.

Operating System

- Losers quit when they're tired. Winners quit when they've won.
- Don't try to be perfect. Just try to be better than you were yesterday.

Programming And Data Structures

- You are a norm and proficient engineer.
- You can be an innovative engineer artist who can improvise and confront new situations.

Software Engineering

- Strong technical skills to create a powerful package.
- Your sound, knowledgeable skills and out-of-box thinking can be precious for your circle.

Theory Of Computation

- Good technical and leadership skills.
- Your expertise in engineering is up to the mark.

Web Technology

- Don't try to be perfect. Just try to be better than you were yesterday.
- Keep going. Everything you need will come to you at the perfect time.

3D Printing and Design

- You can be a skilled and highly intelligent engineer.
- Your technical and leadership skills are matchable with excellent people

Artificial Intelligence/ Machine Learning

- Losers quit when they're tired. Winners quit when they've won.
- You are a bright, able and an adept engineer.

Blockchain

- Don't try to be perfect. Just try to be better than you were yesterday.
- Keep going. Everything you need will come to you at the perfect time.

Cyber Security

- You be valuable as an engineer.
- An engineer who is up to the challenge.

Data Science

- You can demonstrate outstanding, technical and business knowledge in the project area.
- Feasible and valuable engineer.

Internet of Things (IoT)

- An engineer who is up to the challenge.
- You can be One of the best engineers in our industry.

Robotics

- Your sound, knowledgeable skills and out-of-box thinking can be precious for your circle.
- You can get into the details with any architect or engineer.

General Knowledge Aptitude

- Good technical and leadership skills.
- You can be an excellent all-rounder engineer.

Integrity Aptitude

- You worked at an appropriate pace, neither too quickly nor too slowly.
- Exhibits a positive outlook and attitude in the aptitude.

Mental Aptitude

- Don't try to be perfect. Just try to be better than you were yesterday.
- Keep going. Everything you need will come to you at the perfect time.

Physical Aptitude

- You are capable of dressing according to the appropriate position.
- You possess a strong vocabulary.

Social Aptitude

- You impress people with powerful talk.
- You recognize opportunities well.

Spiritual Aptitude

- You reason a lot before taking any step and feel confident as you are well formulated with the engine
- You are infallible in every walk of your life as you are a professional ethical engineer.
